Property Restoration Inc. is a water and fire restoration and mold remediation contractor servicing all of CNY. When disasters happen: pipes break, pumps fail, mold grows, storms surge or fires blaze, PRI is there 24/7/365 to mitigate the damages and get the property back to normal.

As a locally owned water and fire damage restoration contractor, Property Restoration Inc. has been serving residential, commercial and institutional properties for two generations. There is no job too big or too small when it comes to water mitigation, fire clean-ups or other emergency services for our highly knowledgeable and experienced staff.

Whether it is your home or business, Property Restoration Inc. has the experience, ability and resources to rehabilitate your property to its pre-loss condition.

A great lead for us: Everyone! More specifically, PRI specializes in large losses that require manpower as well as a volume of equipment. We work with and want to work with more Property Managers, Facility Managers, Management Companies, General Contractors, HVAC & Plumbing Contractors, and Insurance Agents and Adjusters.

We ask you to put our 24-Hour Emergency Number into your cell phone for if and when the opportunity arises and you, your friends, family or work associates are in need!

315-454-0518 ... IS OUR 24/7/365 EMERGENCY NUMBER IN YOUR CELL PHONE?
